## 2016 OEHA Conference Agenda

	<b>October 13</b>	<b>Topic</b>	<b>Speaker</b>
12:00		Lunch – <b>OEHA will Provide with OEHA registration</b>	
12:50		Welcome	Bill Emminger, President OEHA
1:00		<b>NEHA-</b> The National Environmental Health Association (NEHA) is a national membership organization promoting the advancement of environmental health professionals. Headquartered in Denver, NEHA now has staff in Washington DC to promote the profession with other non-profit organizations and federal agencies.	Ned Theron, RS, MS, MPH, NEHA Regional Vice President
1:30		<b>Bed and Breakfast Guild-</b> The OBBG works with innkeepers of inspected and approved inns to provide marketing, networking, education and advocacy. Find out who these innkeepers are, how the inspections happen and how we work with continuing education in many areas, including food and lodging safety.	Kristin Fintel, President Oregon Bed & Breakfast Board of Directors
2:00		<b>Inspection Law-</b> How to write a BOMB proof inspection. Marler Clark has represented litigants in a number of high profile foodborne disease outbreak cases including the Jack in the Box Outbreak of E. coli 0157:H7 that resulted in a number deaths.	Bruce Clark- Marler/Clark LLP PS
3:15		<b>Break– OEHA will Provide coffee and tea</b>	
3:25		<b>Epi Response Team-</b> Lane Co created an Epi team model to respond to outbreaks. This model is a collaborative approach involving staff from EH CD and our epidemiologist. I will discuss who is on the team, the skills they contribute and a case study to demonstrate roles.	Cindy Morgan, NP MSN Lane Co.
3:55		<b>Dog Bite Procedures-</b> This presentation will walk you through a quality improvement process concerning animal bites and follow up on those bites. Animal bites were not given a priority by support staff and because of the time sensitive issue of quarantine we wanted to figure out why there was a problem so we could find a long term solution. Different tools will be shared that can be used to solve that have a lasting impact.	Carolyn Stegall, REHS Marion Co.
4:25		<b>FOG-</b> Fog (Fats, Oils, Grease) This presentation will alert health inspectors to indicators of sanitary sewer backups in the food service areas and the vector issues in the trash enclosure areas because of poor design. The main focus is to present the FOG issues and create a starting point for collaboration between agencies.	Vince Chavez, Clean Water Services, FOG Coordinator
5:10		<b>Wrap up day one</b>	
6:00		<b>OEHA Hospitality Room</b>	<b>Light appetizers will be provided</b>
6:00		<b>OEHA Outing if weather permits</b>	Rick Hallmark, REHS Coos County

	<b>October 14</b>	<b>TOPIC</b>	<b>Speaker</b>
7:00		Breakfast - <b>OEHA will Provide breakfast for attendees</b>	
8:00		Good Morning	OEHA Board
8:05		<b>National Pesticide Information Center</b> -NPIC provides objective, science-based information about pesticides to allow people to make informed decisions. NPIC is a cooperative agreement between the US EPA and OSU.	Kaci Buhl, Deputy Director, NPIC at OSU
9:05		<b>Handwashing interactive</b> -Community outreach is important: Lane Co. has accomplished focused out reach for schools; events focused on child attendance, and child care centers and homes.	Nick Alviani, REHS Lane Co.
9:35		<b>Bridging the Gap between PH and DEQ</b> -All too often entities monitoring environmental quality and those tasked with public health work independently. The opportunity to maximize limited resources is lost by this divide. This presentation will focus on areas where environmental health professions and environmental scientists can begin to identify common interests and data sharing opportunities.	Pam Blake, South Coast Basin Coordinator DEQ
10:05		<b>Break OEHA will Provide coffee</b>	
10:15		<b>Health Licensing</b> -Presentation on who the HLO is and the 14 boards/programs that the licensing office licenses and regulates.	Sylvie Donaldson, Interim Director of Oregon Health Licensing
10:35		<b>OHLB</b> - Public perception of EH, Professional Credibility and What can we do	Jeff Freund, REHS Deschutes Co.
11:15		<b>Modernization of PH</b> - A brief overview of the history of the Oregon modernization movement will be followed by results of the recently completed statewide PH system assessments and an overview of next steps including advocacy for greater public health funding and implementation planning in local health departments and OHA.	Jocelyn Warren, PhD, MPH CLHO
12:15		<b>EHTER program</b> -- Learning about EHTER and how it can help prepare environmental health specialist and other emergency response personnel by providing them with the necessary knowledge, skills, and resources to address the environmental health impacts of emergencies and disasters. <b>RAD ppe</b> How to protect one's self from iodizing radiation if encountered in one's work environment by being properly equipped with the correct personal protective equipment and safety training.	Todd Roberts, REHS Lane Co.
1:00		<b>Wrap up-Evaluation and Thank you</b>	Bill Emminger, President OEHA
1:30-2:30		OEHA business meeting
